

Oscar's Next Steps

Laura (SENCO)

'We'll be really, really sad to see him leave, but you know, he come on such a lot and his needs will be really well met in his next school. So, he's going to a special school, which is what mom initially wanted for him, when he was at nursery, and she's been really grateful and really pleased, but she just feels that long term it would suit his needs better. So, we've supported her in that process for her to...for Oscar to make that move.'

Maria (Oscar's Teacher and Early Years Leader)
